Fitchburg MA 01420
Volume LXI

Attention Bernardians . . .

We, the graduating class of 1989, take great pleasure and joy in dedicating our yearbook to Sr. Mary Anita Salmon. We thank Sr. Mary Anita for everything she has done, not only for our class, but for the whole school community.

Throughout all her years of teaching, Sr. Mary Anita maintained a feeling of love for her students. No one who had Sr. Mary Anita as a teacher could possibly say that she had anything but love in her heart. Sr. Mary Anita showed that love in many ways: in song- "Give, give, give your heart"-in helping the community- "We Are The World" and Care Day. Now, she even expresses that love as our Dean of students.

Sr. Mary Anita exemplifies the ideals of her Presentation community which has long served St. Bernard's Central Catholic High School. Her joy of life and her pride in Bernardian Spirit brightens all of our days.

We dedicate this yearbook to her as a way of returning the love she has always given us.

Sr. Mary Anita Salmon, P.B.V.M.

RINGING

in Junior Year

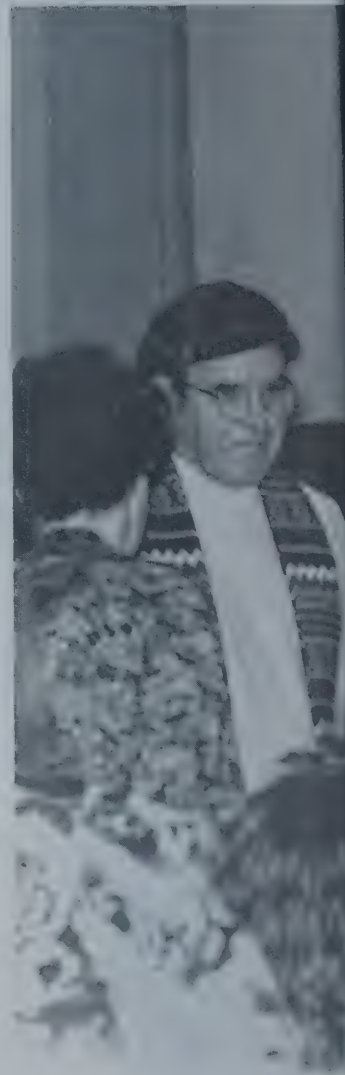

All dressed up . . . Chris Albert, Andy Baranowski, and Brian Gaudet get all dressed up for the Ring Ceremony and a celebration dinner at Singapore.

On the evening of December 4, 1987, the class of 1989 gathered in front of the altar to unite spirits and become one for the first time. Under the guidance of Father Flynn, the ceremony allowed the juniors not only to give thanks for receiving their class rings but to realize the importance of the ring itself. Selected members participated in the readings. With the help of Ms O'Loughlin and Mr. Cichon, students received their rings along with a sense of unity and belonging.

Following the ceremony, the majority of the junior class continued in the tradition of dinner at the Singapore restaurant. It was a wonderful time enjoyed by all.

The ring ceremony seemed to be a turning point for the class of 1989. Thoughts of senior year were suddenly upon the class, and a sense that graduation would all too soon be a reality.

For those who helped in the preparation for this special evening, the class of '89 would like to say "Thank You" once again.

Ring in junior year . . . Fr. Flynn presents Kevin Christian with a class ring.

On the receiving end . . . Katie McGuirk receives her class ring.

Dance The Night Away

Who could not have had fun amidst the crazy moves of Chip Fletcher as he modeled our table decorations and the desperate cries of Jen Hanson as she tried to salvage her drenched sash? Yes, the class of 1989 has found yet another evening to add to its list of high school memories.

New traditions were set as the class showed it's flair and style. Thanks to that night, royal blue and white can now be considered the class colors- or so it seems with at least one handsome couple at every table in spring's most popular colors.

Some of those having planned to take part in the evening's festivities were forced in another direction, due to the great success of the hockey team and their unfortunate luck of having to play the last district game on this special night. Some did show up after the game to prove their class pride and to share in the evening's events. They were just in time to see the queen, Britta Emond, escorted by Brian Guadet, along with her lovely court.

For many, dances such as this are dreaded from the day that the ticket is bought, until the moment that all of the parents stop taking pictures. But to put it as class mate Paul Kinsella once said, our Junior Semi-Formal "wasn't all that bad."

Say cheese. Rob LeVangie and Jen Hanson take time to pose for pictures. (above)

It's love that makes the world go round. Steve Niggel and Michelle Richards at the Junior Semi-Formal.

A memorable moment. "... it was like my heart stopped. It took me about five minutes to finally decide that it was really my name they were calling. ... I had a great time". Britta Emond recalls her reaction to being announced as queen.

1, 2, 3 ... DIP! Gary Campagna and Beth Conley were energetic leaders on the dance floor.

Crowning glory. Britta Emond, queen, and her court, (left to right) Monique Malliet, Andrea Longo, Leslie Celli, LeAnne LeBlanc, Rosemary Howe, and Kelly Hannigan.

JSR '88 . . . The Time Of Our Lives

Junior-Senior Reception, a traditional event at St. Bernard's finally took place for the class of 1989. The unforgettable skits and performances that were presented certainly allowed both classes to enjoy themselves to the fullest. How could anyone forget the great fun our class had and the amount of work we put in to making this JSR "one-in-a-million." All of those meetings and rehearsals allowed each and every member of the class to realize that "this was the time", and that we would never really experience an event quite like this again.

Moving to the beat. The JSR dancers perform to the song "The Time of My Life."

... from the home office in Fitchburg, MA ... Rick Urban as David Letterman hosts JSR '88.

The Big Float. Andy Ramos gives campaign promises as Gilberto Rivera.

McCarty! . . . Lori, Deana, Gail, and Miss Maillet rap to the story of the "senior guy they know so well".

Peace And Love Will Rule The Stars

Memorable moments included the "MCAARTY" skit, "Girls, do you have a pass?" and of course, "If it wasn't for me, there would be no JSR!!". These are just a few antics too good to forget. Though things don't always happen as expected, on this evening the spirit that is the Class of '89 began to come together as a result of hard work, cooperation and shared memories.

Mr. JSR, or is he? Strolling across the stage, Mike LaFrance portrays a famous personality from JSR 87.

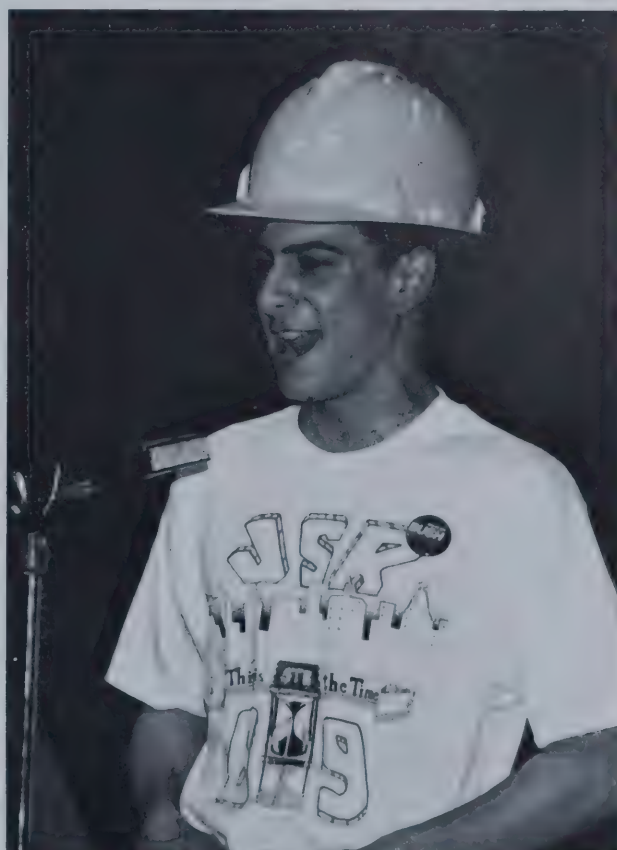

Does anyone have any blush? Beth Schofield and her bathroom buddies take a trip to the ladies' room.

The Dawning of Aquarius. Kevin Brion plays guitar as a senior deadhead.

And now the news. From the newsroom. Tara Nieves and Frank Burgoyne give the story on the seniors

"I just dug the darndest ditch you ever did see!" John DiConza in the Double D Construction skit.

Like Father Like . . .

Daughter

Father and Daughter of the evening . . . Diana Dunlop and her Father pose after being announced with the highest honor of the night.

"Sugar And Spice And Everything Nice" was the theme of this year's Father and Daughter Dance at Oak Hill Country Club. The senior girls were in their father's arms dancing all night. They certainly seemed to enjoy the company of their dates and no one wanted to leave the dance floor because of the wonderful entertainment provided by "3 Guys."

Prizes were given to the best dancers-Dr. John Sampson and his daughter Melissa, the look-alikes-Mr. William Manser and his daughter Meg, and of course The Father and Daughter of the Evening-Mr. William Dunlop and his daughter Diana.

A memorable evening was had by all thanks to the hard work and dedication of Mrs. Paulette Grenier and Mrs. Barbara McGuirk. This fun-filled evening will definitely not be forgotten, especially by Cherie Cote who stated that the highlight of the evening was when the "3 Guys" sang "Daddy's Little Girl" . . . she cried.

In appreciation for her concern and love, we, the Class of 1989, wish to thank Ms. Kelley O'Loughlin for her dedication as both our class advisor and as our friend.

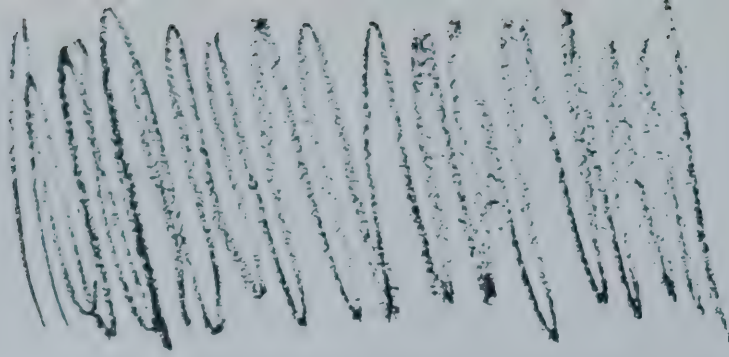

"Ms. O" has sacrificed many hours of her time to bring various activities to the students of Saint Bernard's High School. As the Class of 1989's advisor for three years she has never failed to attend a meeting or to stay late to help clean up after a function. She has guided us through traditional functions at St. Bernard's such as the Sophomore Barbeque, JSR, Freshman-Senior Night, and our Junior and Senior proms.

Ms. O'Loughlin has made a lasting impression on our class. We wish to thank her for all her support, her love, and her wit. You're great, Miss O!

When walking down a hallway at Saint Bernard's High School, it is easy to see that each classroom is almost its own world. For 45 minutes a day, a group of students and their instructor build a relationship and a classroom atmosphere particular only to themselves. Academics at St. B is much more than lectures, facts, and notetaking. The faculty at Saint Bernard's tries to make what is taught in the classroom a reality. It is because of this extra effort that our teachers put into their work that the 1989 BERNARDIAN takes a fresh look at faculty members. Beyond the faces and into the classrooms . . .

Religion

Senior Retreat

What makes St. Bernard's different from just any school is Religion class. It is the one period of the day when students get the opportunity to branch away from the typical college required course to a class which allows them to express opinions, to develop values, and to learn more about the Catholic religion. From the Old and New Testaments of the Bible to Christian morality— by the time Seniors graduate in June, they have gained considerable knowledge about the faith. This year, continuing a St. Bernard's tradition, Seniors and their Religion teachers spent a day of retreat away from their everyday class work in Fitchburg. It was a day of fun and games, a day of sharing, and of course, a day of learning. It was a great opportunity for the class to come together and communicate feelings they have pertaining to each other, and the difficulties they will be facing as a class as graduation nears.

The North And The South

When Mr. Duynstee assigned his Junior U.S. History class a debate between the North and the South, they all felt a bit weary because the argument had been won more than 100 years ago. The question posed was whether or not the South had the right to secede from the Union. Opposing positions were assigned and after many hours in the library, the long awaited day finally came. Both sides gave very good presentations offering many unknown facts, but, our judges, six students from Mr. Duynstee's Political Science Class decided the verdict. The group that argued for the South won. Our outcome would have changed the course of history! And, although we learned that maybe the South did have the right to secede from the union, the best thing about the whole assignment was the moment it was all over.

I Motion That . . .

It was 11:05 Saint Bernard's Time and the resounding echo of a striking gavel brought to attention a group of seniors who normally may have tried to comfortably slide by until graduation day. In a democracy with unusually low participation, Mr. Duyn-tee's G period students were called on to become involved. First they learned about the workings of their government and then, in the midst of America's 1988 Presidential election, they each developed their own political identities.

Once they had an understanding of their government they went to Congress! Each student made a plan attempting to eliminate the federal deficit of 2.6 trillion dollars which would soon face the new president, George Bush. They then each researched and wrote a bill which was presented to their fellow representatives. With so many papers to write and bills to present to mock committee, when was the time left to have fun? Well, ask any member of the class. All the work was, in a way, fun! With John DiConza's Republican statements, Monique Maillet's famous rebuttals and Rules Committee leader Jon Renda's infamous pigeon holing they were all constantly entertained and fully involved.

So, what would happen if the seniors from Room 49 were actually able to run their country? Well, this group of interested and eager future voters would get rid of tenure for teachers, require all high school students to take civics, abolish Social Security, make steroid use a felony and give homosexuals equal rights.

In November Mrs. Chevalier's Biology II class went to Rye Harbor, New Hampshire on a field trip to learn more about the Rocky Intertidal Zone. Twelve students armed with buckets, shovels, glass jars, and plenty of warm clothes boarded the van ready for their journey. Despite the hardship of wading up to their knees in cold ocean water, the class enjoyed a true learning experience. A variety of animals such as lobster larva, snails, crabs, and shrimp were taken back to be studied. All were returned to the ocean a few weeks later. Pictured below are the members of the Biology II class (from front to back) Tracy Cringan, Lisa L'Ecuyer, Erin Roy, Lynn Dame, Sharon Mirovich, David Lahti, Iliane Weiss, Kim Moran, Andrea Longo, Mrs. Chevalier, Tracey O'Leary, Brae McHugh, and (not shown) Chip Fletcher.

Modern Languages

In early December, a large group of St. Bernard's students embarked on a trek to the Great White North-Canada! Their journey, sponsored by the French Club, began in the pre-dawn hours on a windy Saturday, chaperoned by a patient Mr. Michael Pelland and Miss Kelley O'Loughlin. The sleepy travelers soon overcame their weariness and made the bus ride to Quebec fun and exciting. This due in part to the bus driver, Welsley, who played "cool" music.

The fun continued that night in Quebec city when after a leisurely bus tour of the city, the students went to a local dance club to soak in the local Canadian culture and enjoy themselves.

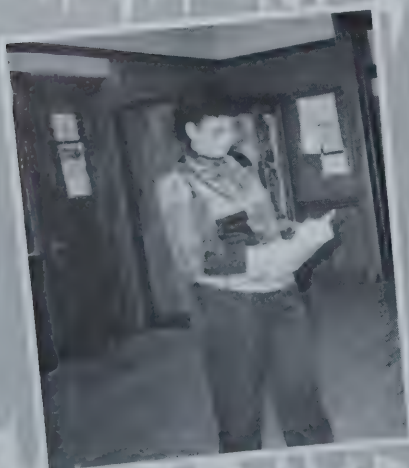

The next morning, the tourists set out for Montreal where everyone was introduced to the city via another bus tour. Dinner was an interesting affair; it was served family style at a maple syrup gathering farm, after which the workers entertained the students with music and square dancing.

The following day began with breakfast at a colorful local restaurant, but the real adventure was yet to come. The group exchanged their American money for its Canadian counterpart, and then was free to go anywhere in the city as a sightseeing experience. For the most part, the students mobbed the fabulous underground shopping complex. Afterwards many were heard complaining that they did not have enough space in their suitcases to fit all their new treasures!

There was a lot of excitement that night as well. Dinner was at Mother Tucker's, known for fine food and friendly atmosphere. Then on to the Montreal Forum for a hockey game between the Detroit Redwings and the favored hometown Canadiens. The Bernardian's ended the "day" around 1:00 A.M. at Dunn's with a very late farewell to Montreal. The last day in Montreal dawned clear and bright. On the way home, the tour bus reverberated with singing and laughter. Everyone had fun, and looked forward to as great a trip next year.

Junior year is a time of change for the class of '90. We have finally become upperclassmen, and feel like we actually count in the school. We have gone through two years at St. Bernards, and have learned much along the way. Even though we're not seniors yet, we will try to make this year the best it can be, and we anticipate that next year will be even better!

Sophomore year is the transition year between being a small unimportant freshman, to becoming a bigger, semi-respected junior. This causes the sophomore student to put his head in the clouds with feeling superior to the freshmen. And little do they realize that they still have two years to go to experience that feeling about the rest of the student-body.

The definition of the word Sophomore has a dual meaning. First, it simply means a student in their second year of high school however, "Wise Fool" is its literal meaning.

After the long first year of high school, relief, experience, and anticipation are three words to describe sophomores. We are relieved to have made it through freshmen year as well as we did. This year we are experiencing new things such as the memorable first dissection of a frog. In the near future we will be juniors and "upperclassmen". Hopefully, junior year will be as good as this year . . . and maybe even better.

Part of becoming a freshman at St. Bernard's is getting involved in the Bernardian Spirit, cheering on our teams, and learning to become an example for the future classes at St. Bernard's.

The class of 1992 has shown their spirit at school activities such as Freshman-Senior night, as well as during school where they have displayed their essence enthusiastically. This year's freshman class is a close-knit group that has made a great contribution to the school. The class of 1992 is one to be proud of and through their growth and development, they will become the future Bernardian leaders.

The Party's Over

Or is it . . .

Yes, once again it is our favorite time of year. When we all look forward to putting away the suntan lotion and taking out the school books! In some ways, we are all happy to see those we have not seen during the summer months, but after a few weeks, the day dreaming of the past summer events tune out the tedious lectures.

But this year we have seen a difference. No, the party is not over. The student body, led by the class of eighty-nine, soon realized that the fun was just about to begin. Sports events, school activities, and weekend gatherings have proved beyond all reasonable doubt that the party has just begun.

Once the students dealt with the fact that school was here and there was nothing that could change that, the fun could begin. After all, school is the birthplace for fun. What would the year be like without hockey games, dances, and other related activities? Events like these make the party last all year round.

They have heard the secrets of your best friends, the plots of your enemies, and the wonderful whispers of your significant other.

The hallowed halls of St. Bernard's High School have always been more than a way to get to class. More often than not, students arrive late for class for no better reason than they were socializing in the hall. In between classes students catch up on the latest gossip and plan the evening's events. Not exactly the most private place to hold a conversation, but definitely the most fun!

FUN at Work

Realizing that there is more to life than school and school related activities, the 1989 Bernardian staff took to the streets. Our photographers went on location to catch St. Bernard's students making a profit. We traveled far and wide, high and low to bring you the inside scoop on where and how kids today are making money. It may not be true that today's teen is having "fun at work", but it is true they are working. Employment among high school students has become both popular and necessary for many. This is our tribute to the "working class" of STB.

School Lunches Got You down

Well never fear, Matt the vending machine man is here! After years of the same old cafeteria lunches, St. Bernard's made a drastic change. In 1987, the Bernardian food program went from a group of ladies preparing food, to the highly technological Blanchard Food system.

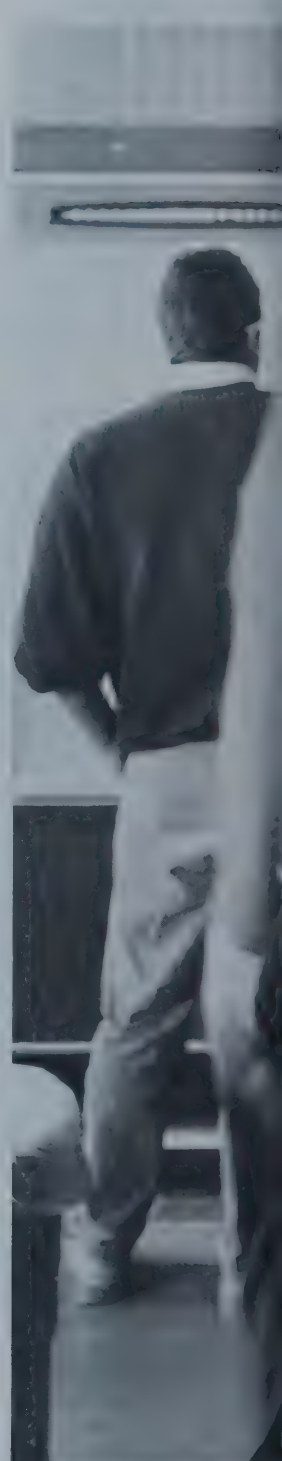

Now, a student's choice is right at his fingertips! After an awkward first semester with this new system, students grew fond of vending machines, and especially Matt, our ever helpful lunchtime hero.

Students now enrolled at St. Bernard's are offered a wide variety of lunches from yogurt to grinders, ice-cream to candy bars. Bernardians are still enjoying the freedom of choice given to them by vending machines. Bon Appetite!

freshman SENIOR NIGHT

Aren't you embarrassed? This year's freshman class certainly was after surviving the night that the seniors took their overwhelming revenge to the limit!

Dressed in costumes including things from Coke machines to Hawaiian dancers, the freshman paraded around the gym. Besides showing good sportsmanship by tolerating the seniors' antics, they also prepared a "thank you" for the seniors. Before the night ended, the freshman sang their version of "Don't Worry, Be Happy."

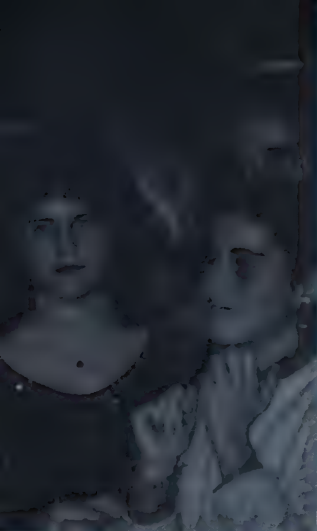

Even though yet another freshman class was tormented, everyone knew that it was all for fun. Despite the embarrassment and the costumes, the freshmen and their seniors, had a memorable experience that evening.

Caught In The Reign

Despite the intense weather conditions and the freezing temperatures, the Bernardians held together to beat Fitchburg. The students at St. Bernard's were all present to see the results of the previously held rally at the Bernardian Bowl. Each class had created their own banner, showing their spirit and enthusiasm towards their class.

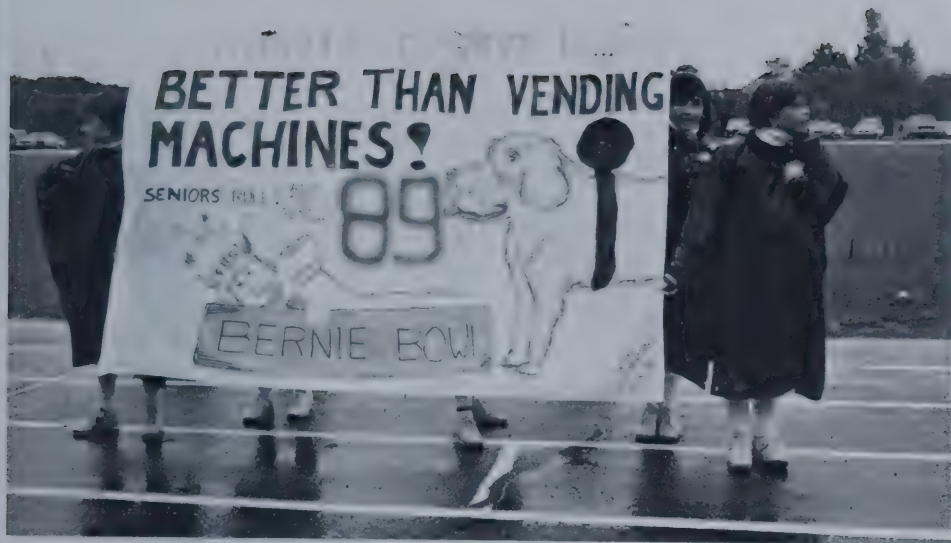

Ironically, all the banners fell over at the game except that of the senior class which "dogged" the rest by winning first place.

Under the protection of umbrellas, the queen and her court stood in the "reign" for the half-time presentation of flowers. Those honored on this dreary day were senior king and queen, Julio Murga and Angie Scopelliti, senior court Kevin Collecci and Katie McGuirk, junior court, Sal Napoli and Sabrina Baldassare, sophomore court, Andy Cravedi and Marybeth Cote, and freshman court Colin Cuddahy and Pam Chevarie.

After the presentation, it was back to the game and the fans, lead by the cheerleaders, endured through the weather to cheer their team to victory.

Class of '90

Ring Ceremony

A New Twist On An Old Tradition

Climbing the stairs to the auditorium and parading down the aisle between the columns of chairs, the class of 1990 entered their ring ceremony. As the ceremony began, everyone anxiously awaited the time when the juniors would receive their symbols of unity. Finally, the time came and now, the class of 1990 can truly be called "upper-classmen."

With their new rings in place, the juniors headed downstairs to show off the jewelry that they helped create. Breaking former tradition, the juniors switched ring companies opening up countless styles, stones, and symbols to choose from. Each ring this year is unique, reflecting the personality of its owner.

Despite the thought that all the different rings would take away from the closeness of the ceremony, the class of 1990 came together, and displayed a true sense of the word class. The evening concluded for the juniors with a visit to Singapore where for years students have celebrated this event. So while some traditions were broken, others were kept to make this year's ring ceremony a memorable one.

Jingle Bells ROCK ST.B

"Jingle Bell Rock," the class of '89's addition to the Christmas dance collection of the past years, helped the students of St. Bernard's celebrate the Christmas season. This year's dance was unique in more ways than one. In order to truly celebrate Christmas, the senior class thought the dance should actually be *before* Christmas as opposed to past years. However, the world is full of compromises and the dance was scheduled on a weeknight. The usual meal was replaced with a less formal alternative, hors d'oeuvres which were served throughout the evening. The new changes (along with the low ticket price) attracted a large crowd that had a ball dancing the night away to music provided by the Bedrockers.

PUMPING UP

"We are going to pump you up!" Not only have Hans and Frans of Saturday Night Live become popular in recent years, the sport they represent has as well. Weight Lifting has become a part of everyday life at St. Bernard's for many students. Gone are the days when teens let their bodies deteriorate, today teens are becoming more conscious about their health and how they can keep it. Gone are the days when weight lifting was exclusive, allowing only males to tone and build muscles. Weight lifting has become popular for both boys and girls. It takes will power, discipline, and endurance, but the result is worth it. The yearbook staff recognizes the hard work displayed in the weight room and devotes these two pages to the iron men and women of St. Bernard's.

n the school parking lot that is. Many different faces and personalities as well as modes of transportation can be seen in the field located behind the school we know as ST.B. On any given day you can be greeted with a friendly smile from one of your fellow students like Mike LaFrance who is pictured here taking off in his "Buttamobile", while Dave, Eric, Brian, Shawn, and Darren readjust Cherie's parking spot. Matt and Tina spend a quiet moment before leaving school grounds, and you can always see Chris at 2:00 pulling away with a wave and a smile. The senior girls take a break after completing another school day.

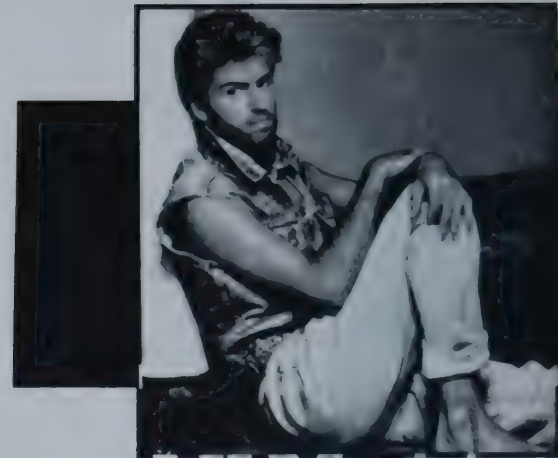

Sign O' The Times

The class of 1989 and this year's Bernardian have a special honor this year. They are the last class of the decade—and for this reason we have recapped the past ten years with a look back at music and fashion over the years.

We can proudly say that it has been a history making era for our music industry. Live aid, Band-Aid, and Farm Aid are all benefits that have taken place in the 80's as an attempt for the entertainers to make a conscious effort to helping the world. Amnesty International, a movement directed at ending Apartheid in South Africa, and the free concerts given at numerous locations around the world are sending the message our musicians feel is so important.

One thing we cannot forget to mention is the birth of MTV. Music television has introduced to our nation the meaning behind just the words of a song, showing everyone's favorite artists in action twenty-four hours a day. Providing the largest variety of music, MTV satisfies everyone's tastes with an easy source of entertainment.

Another mark of this decade is the change of style in music throughout the past ten years. With the early 80's sound being more basic rock and roll, to the increased popularity of heavy metal, further down the road, it is evident that definite trends have been developed and just as easily forgotten in the music world. As we move into the next decade, the music is heading to a more new wave sound. It is impossible to predict, however, what lies ahead as we, in the words of The Escape Club, are "heading for the 90's!"

Sign O' The Times

Gaining its popularity in the 1980's is the group Depeche Mode, which is translated from its French title to mean "Fast Fashion." This would be a good way to describe the ever-changing clothing fads of the decade quickly coming to a close. It is not only our music industry that has established its styles in the past ten years, fashion too has encompassed styles from both twenty years ago with completely new clothing ideas of our own era.

Influenced by the 60's, miniskirts and tie-dyed shirts played an important part of the look of the 80's. Does anyone remember parachute pants? Come on- you know you used to put the collar up on you polo shirt just like the rest of us! With the unique styles of today and those popular in past decades, combined styles over the past ten years have been an ever-changing representation of "Fast Fashion."

Wearing two Hats

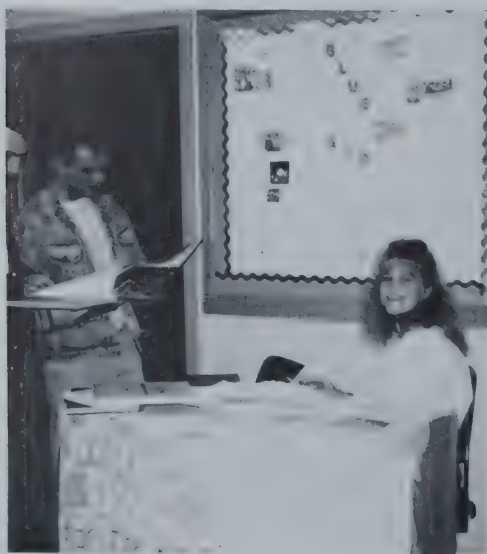

The National Honor Society is an honor given to students that show strong character, leadership, service, and scholarship. Recently entry academic requirements were raised, making this honor even harder to achieve. The group meets weekly, planning charity work as a service throughout the year. Outside of performing good deeds for the school and the community, members get to take part in many leadership activities. As a symbol of the achievement and effort of those devoted to the cause, members of the National Honor Society wear a hood in addition to their cap and gown at their graduation. This allows everyone to recognize those that provided their hours of hard work and dedication to our school and neighboring communities.

In addition to this honor, the National Honor Society officers have taken on added responsibility, they are all newspaper editors! Granted, they are not alone, other seniors have also taken the time to put together our school paper, and each as a specific task. This year's staff is larger than years before which may have a lot to do with the paper's success. Of course, it may have a lot to do with our new advisor, Ms. Rossi. In any case, we thank the people who take time out of their busy schedules to take part in these two activities.

Student Council

This year's Student Council has quite a large group of students. They have expanded their works into many community activities that are beneficial to both the givers and the recievers. This year's members have involved themselves with **SiSe Puede**, decorating nursing homes for the holidays, and directing their efforts toward's Sr. Anita's Outreach program. Student Council president Lori DiConza (picture below) has done a wonderful job getting the students involved in both the school and the community.

We Are S.B.!

Under the leadership of tri-captains Tim Cuddahy, Kevin Colecchi, and Chris Taylor, and with the guidance of Coach Ray Cosenza, the Saints achieved a goal in 1988 never reached before by a Bernardian football team. This accomplishment was a 9-1 season and an overall 25-7 record for the last three years. The combined talents of seniors, juniors, and sophomores on the varsity squad was a major factor in the success of this season. St. Bernard's ended the season second in the Central Massachusetts Conference, fourth in their division, and with the best record in Bernardian history.

The Bernardians began their season winning their scrimmages against Gardner High School, Algonquin Regional, and David Prouty High School. The Saints continued their winning momentum when they triumphed over Lunenburg High School 40-18 on opening day. The Saints then travelled to the dreaded Morgan Bowl, home of the Hudson Hawks, where two years previously the Hawks upset the Bernardians 28-14. History did not repeat itself on that Friday night in September when the Bernardians emerged victorious.

Then came one of the most exciting games of the season, played against Burncoat High School in Worcester. A shutout was achieved for the first and last time during the 1988 season with a 19-0 win.

The excitement of Homecoming and playing crosstown rivals was combined in one game when the Red Raiders were stiffed by the Bernardians 37-20.

Then came the game that decided the Superbowl contenders. St. Bernard's was favored 4-1 against the Pioneers from St. John's, but lost 15-6 in a fateful ball game. The Saints then continued against St. Peter- Marion where the result was a much more satisfactory victory of 33-13.

As the season drew to a close, the Bernardians pummeled the Athol Raiders 35-14, beat Shepherd Hill decisively 35-3, and the Holy Name Naps 33-7.

The best was saved for last when the "Bernardian Express" vanquished the Clinton Gaels 45-19. This was the Superbowl for the Bernardian football team of 1988.

Take It To The Limit

Usually freshman football is a popular high school sport, but this year only eighteen people tried out for the team. The first month's practices were held with doubts that the team might not even have a schedule, but eventually four games were scheduled. The team did not seem to mind this because they knew that there was always a chance to play in the junior varsity games. The freshmen concluded the season with a 0-4 record, but at least they had the valor and tenacity to make it through the season. The starting team members were Neil Heline, Patrick McEvoy, Colin Cuddahy, Steven Murga, Robert Burrs, Scott Rosa, Alan Sanderson, Jeffrey Dee, Michael McEvoy, Jeffrey Quinn, and Ted Crossman.

The junior varsity's season was more successful, pulling off a 5-5 record. Defeating schools such as Athol, Hudson, St. Peter- Marian, and especially Clinton. Standouts on the team were Sean McNiff, Carlo Bosco, Jon Olszak, Bob Sabolefski, Dennis Mueller, and Kevin Dwyer. These two teams have exciting seasons ahead of them next year as they move up in the ranks of St. Bernard's football.

12-5-1

THE BEST YET

Although most people would associate Tim Cuddahy with football, his cheers along with the "Hoo!" were heard loud and clear during the field hockey team's first night game. The enthusiasm and support that was shown by the fans made Thursday, September 15, 1988 a night that will be remembered always. Unfortunately, the team suffered a tough 2-1 loss. The loss did not affect their season as a whole. As a matter of fact, this extremely ambitious team entered their season with the best record this school has ever had in field hockey. The impressive 12-5-1 record enabled them to compete in district tournament play. The team, led by captain Mrs. Donovan- affectionately called "Wanda"- and her team will remember the first district game, played at home, against Leicester High School. The team took a hard-fought victory over Leicester after three grueling overtimes. The game ended in a penalty stroke-off in which Rosemary Howe and Kathleen Cuddahy scored into the goal to give St. Bernard's the win. The team advanced to the Bernardsville tournament where they faced the top team in the state. Without efforts they were unable to compete. The number one team was defeated with a 12-5-1 record. This performance was by a field hockey team. These girls have certainly made a name for St. Bernard's.

STARTING OFF ON THE RIGHTFOOT

The 1988 girls' soccer team finished up the season with a 5-13-1 record. Although the losses outweighed the wins, the members of the team improved individually and as a whole. The schedule they played included many tough teams who qualified for the playoffs. The girls are thankful for the support of their classmates, teachers, and especially the football team.

For every team that improves credit is due to the coaching. Mr. Barney has coached for five years and has spent many dedicated hours keeping the program available to those who wish to participate.

Four members of the team were honored as C.M.C. All-Stars. They were Sue Barassi, Leslie Celli, Amy Conley, and Beth Conley. The experience gained from this season will be put to good use next year to hopefully improve the team's record.

RUNNING HARD

Both the girls' and boys' cross-country teams have given St. Bernard's a proud '88 season. Despite a small number of girls and a slow start to the season, the girls' cross-country team was able to pull off a 4-4 record. Most of their meets were very close, losing only by one or two points. Captain Meg Manser led the team, placing first in every meet. Many girls qualified for the district meet, but unfortunately no one was able to qualify for state competition.

This year's boys' cross-country team was composed of exceptional runners and earned the record to prove it. Running very hard was the goal of the team this year. Coach Blanchard was pleased with the eight wins and three losses of the team. With help from every class, the team defeated such notorious schools as Holy Name and St. Peter- Marian. This year's Cross-country teams gave a lift to school spirit with their hard work and determination.

Up & Down

But Not

Down & Out

The incredible forty-five points scored by Erik Dellasanta during the first game of the season overshadowed the two losses the team suffered their first two games. They rebounded well though by winning their next five games in a row. Their first win was during the Christmas tournament, hosted by the Bernardians, against Oakmont Regional High School. St. Bernard's also beat Notre Dame in the finals of this holiday tournament. Shining through as the most valuable player for the tournament was none other than Erik Dellasanta, this year's captain and driving force of the team.

The team went into an up and down type of pattern, winning some and then loosing some. Among the more exciting games were defeating Worcester North High School, and gaining sweet revenge on an excellent St. John's team. The first time the Bernardians faced St. John's they lost by only eight points in a heated battle. This was the games that ended their five game winning streak. The second time the two teams met, the Bernies walked away victorious on the Pioneer's home court by a fourteen-point margin. The team played almost flawlessly in these games and displayed all the talent that they possess.

Although they just missed qualifying for districts, the 1988-89 basketball team will have many fond memories of their season.

Getting Better And Better

Tenacious (te na'shes) adj. 1. holding firmly 2. that holds together strongly; cohesive; tough 3. persistent 4. the 1988-89 Boys' Junior Varsity Basketball team.

All right, it may not be Noah Webster's definition of this term, but face it, the St. Bernard's Junior Varsity team is tenacious. With their 9-7 record, this group of boys showed their tenacity on the court by gaining the lead and retaining it on many occasions, and by staying together when they were down. Leading the persistent team were Jeff Begnosh, Steven Murga, and Sean McNiff. Hopefully this team will continue its positive efforts and continue to improve in the future.

Although starting out slowly losing to arch rivals Fitchburg, and North Middlesex, the year picked up as the Freshman Boys' Basketball team won seven consecutive games to teams of high caliber such as Holy Name, Athol, and North Middlesex. The end of the season found them with an 8-6 record, which is a grand improvement from last year's team's 1-17 record. This just proves that each boys' basketball team at St. Bernard's is getting better and better.

A Building Year

Under the leadership of Head Coach Michael Barney and senior captain Leslie Celli, the 1988-1989 Varsity Girls' Basketball team had a trying season. Demolishing South High School and North High School were highlights in their season. The most exciting game of their season was the defeat of Notre Dame Academy of Worcester by two points. Although the girls of this season's team will not have memories of a winning season they have fond memories of being together. This year also gives the underclassmen the experience they need to have a successful season next year.

Working For The Future

The St. Bernard's Girls' junior varsity basketball team had a very rewarding season finishing with a record of 11-4. The team's new coach, Sherri Boisseneau, really worked the girls hard, and their efforts are evident in their performance. Two games where the team's skill and talent were extremely evident were against Holy Name and St. Peter- Marian. They prevailed victorious at both games. Though some see losses as failure, the J.V. Girls' team took their misfortune and used it to develop a more optimistic attitude. They hope to bring their winning record and winning attitude to the varsity level next year.

The Freshmen Girls Basketball team should be commended for their stamina and courage considering their team consisted of only eight members. Marybeth Philbin, this year's coach, has done a fine job drilling the girls on skills, and plays in hopes to raise their level of play. Leading the team this year were Jane Cravedi and Julie Caron. Although the girls were 2-9 for the season, they learned a great deal and now are prepared to climb the ladder to the junior varsity level.

GO FOR IT

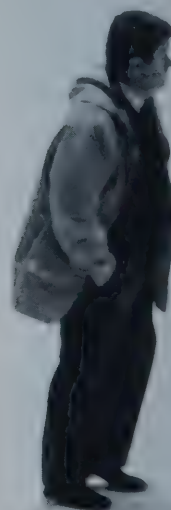

The St. Bernard's Varsity Hockey team can hold their heads high with an 8-6-2 overall and 6-2-2 in the Russel League. The only two losses in their league includes undefeated Gardner Wild Cat team and Nashoba.

With only four games left in the season the hockey team of St. Bernard's won three out of their last four games to make the playoffs. The Bernardians were led by seniors Karl Deconinck with 28 points, Tim Grady with 39 points and Kevin Brion with 21 points. Defensively the fort was held by key performances from Dave Cormier, Andy Baranowski, Bill Guilfoil, and Jeff Rickheit.

More explosive power came from junior Mike McCaffrey who although injured bounced back. The rest of the St. Bernard's hockey team includes Pat Cormier, Randy Arseneau, Ken Caron, Eric Maxwell, Jason Aiesi, Marc Frateschi, Chris Knowlton, Tom Haneisen, Ryan Roy, Ken Roy, Mark Ruddle, Brent Johnson, and Tony Lawton. The trainers are Dustin Baker and Chris Taylor along with coaches Jim Conry and Father Pete Inzarelo.

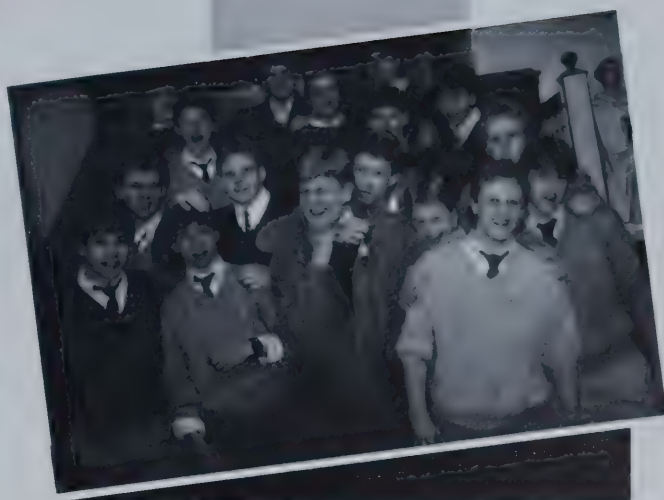

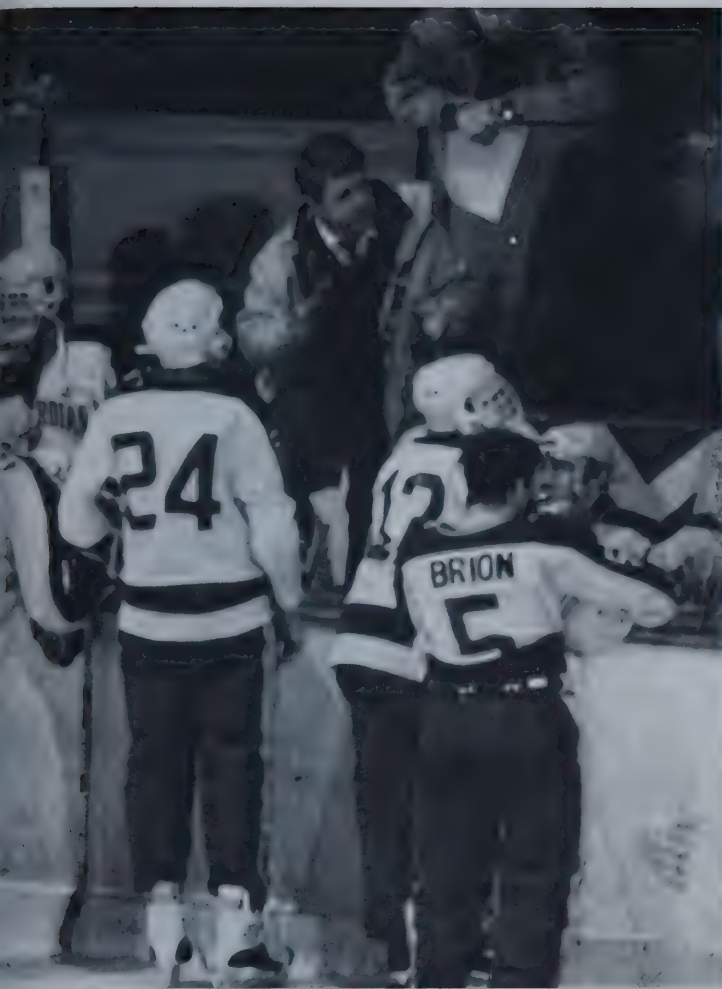

The J.V. Hockey team finished 10-6-1 and were led by offensive powers Pat Cormier and Mark Ruddle. The defense featured the hard hitters Brent Johnson and Ryan Roy. The J.V.'s most memorable games would have to be the Gardner 5-4 and Conval, which was a team made up of mostly seniors, but the J.V. Bernardians toppled the Conval Cougars 5-3. Good goaltending by Jeff Knowlton and Tom Haneisen keep the J.V.'s in good shape.

Other J.V. players include Aaron Carter, Joe Conry, Mike Dauphin, and some of the third and fourth lines of varsity. The J.V.'s are coached by Chris Conry.

Adding To The Fun

Go Blue and Gold . . . Pictured at right are the basketball cheerleaders in action at one of their games.

Hit It!

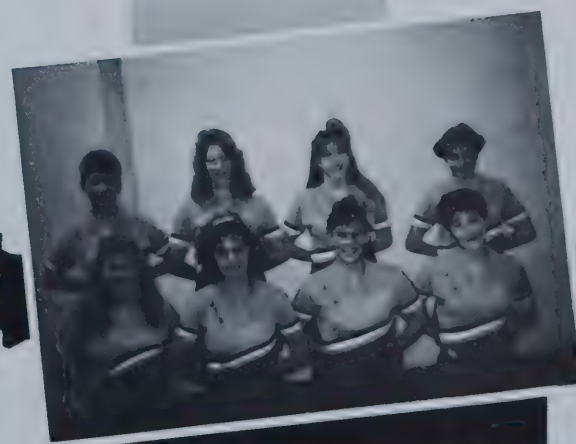

Besides getting pelted by the fans with sunflower seeds and courageously bearing the stench of the clubhouse early on Saturday mornings to decorate for the football players, the Varsity football cheerleaders had a great season. Even through rain or sleet all who were present at the exciting games could hear the chants of the squad cheering their team on to victory.

Standing in just a little skirt and sweater in a cold hockey arena is quite a sacrifice that the Varsity Hockey cheerleaders make in order to route for their team and show their school spirit. Every game, the cheerleaders are there encouraging their classmates to strive for perfection. This year we also saw the cheerleaders in a different light. They entered a cheerleading competition at Clark University and made a very respectable showing. Obviously their hard work and dedication paid off.

This year the basketball cheering squads, although smaller than usual, enjoyed cheering for the basketball teams. Both the Varsity and the J.V. cheerleaders enthusiastically jumped up and down on the side lines in support of the teams. A combination of the varsity, and junior varsity teams, and other St. Bernard's students compiled a dance competition squad. They also, like the hockey cheerleaders, did a fine job in their competition at Mount Wachusett Community College, placing third. All these girls should be commended for the time they dedicate to cheerleading, an activity that often seems to be over looked.

District Fever

During the 1987-88 sports season, administration, faculty, and students enjoyed the successes of the hockey, softball, and baseball teams. All three teams captured the district title in their division and moved on to state competition.

The 1987-88 varsity hockey team can hold their heads high knowing that they were Division three State Semi-Finalists. Starting off defeating Hudson 4-3 in the District Quarter Finals, and then downing Gardner 4-3 in the District Semi-Finals, our courageous team captured the district title crushing their opponent with a score of 7-0. Then it was on to state tournament play. Unfortunately, this game against Pittsfield fell on the night of the Junior Semi-final. In the beginning the game was close; each team fighting to stay alive. Much to our dismay Pittsfield emerged as the winner by a score of 1-8. St. Bernard's Hockey team has much to be proud of for their accomplishments.

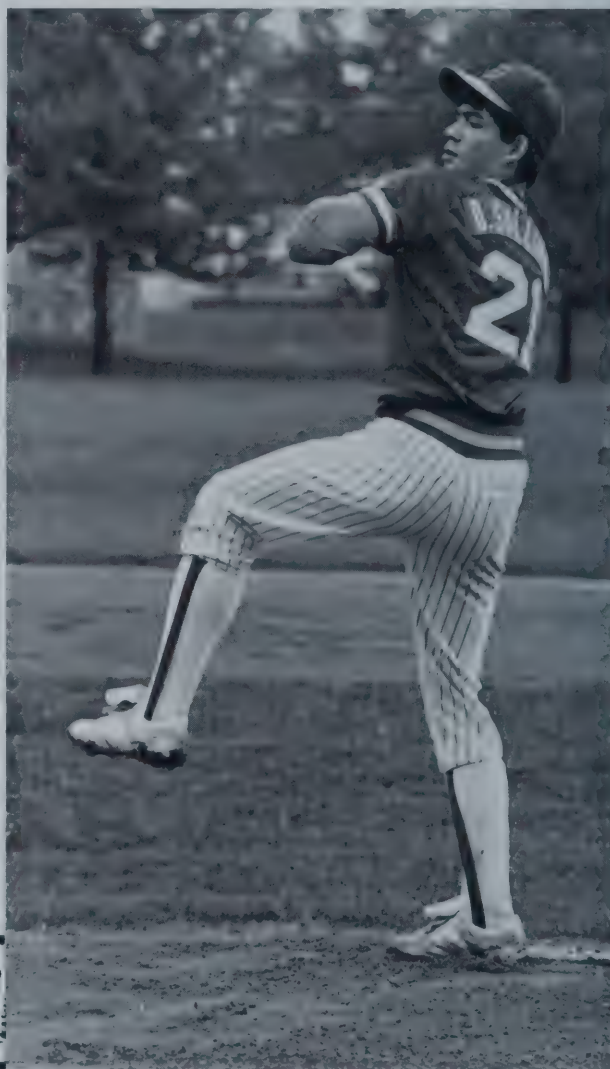

Starting off with three consecutive losses who would have ever thought that we would be cheering the 1988 Girl's softball team on in the Division two State Finals against Apponequit. Finishing their season with a record of 16-4 the girls moved on to post season play. To earn the title of District Champions, the girls prevailed over Grafton, by a score of 5-1 in the semi-finals, and Quabbin in the finals 1-0.

The State Semi-Finals proved to be easier than the girls expected. Led by the powerful pitching of Rosemary Howe, St. Bernard's blew by Turners Fall 13-0. In the State Finals, the gutsy St. Bernard's team's dreams were shattered by an amazing pitcher from Apponequit. The pitcher was just a bit too much for even St. Bernard's to handle. The girls of the 1988 St. Bernard's softball team have a lot to be proud of for their accomplishments.

The 1988 St. Bernard's varsity baseball team climbed the district ladder all the way to the top- the state finals. Previous to the State finals the team demolished

Groton- Dunstable, Auburn, and Blacstone- Milville to earn the title of Division Three District champions. Unfortunately, in the state finals St. Mary's edged our team out by a score of 1-0. The game was scoreless until the last inning. Despite the disturbing end of their tournament play, the baseball team enjoyed a great season, and can now call themselves Division three State Finalists.

The hockey, softball and baseball teams, through all their accomplishments, have boosted the athletic program at St. Bernard's, and have boosted school spirit. The 1987-88 sports season will be remembered as one of the best ever for years to come.

I am a nice girl who likes teddy bears.
I wonder if there is a bear that can talk.
I hear the roaring of hundreds of fears.
I see a bear talking to a skunk.
I want to see riding to a peaceful place.
I am a nice girl who likes teddy bears.

I pretend to be an olympic swimmer.
I feel the world with its moon on my

I touch the sun on a car.
I worry that the world will die.
I cry when I see all the homeless and

I am a nice girl who likes teddy bears.

I understand that I can't change the

I say we all should know God in our

I dream we all would help one another.
I try to help my friends in need.
I hope we all will be alive in 2020.
